HOTELS

BECAUSE RESTFUL SLEEP IS THE MEASURE OF COMFORT AND LUXURY...

You will find the following bedding in your room:

- 2 Microfiber pillows, 60cm x 80cm
- 2 Feather pillows, 50cm x 70cm
- Custom-designed pocket coil mattresses manufactured by the leading local company with sleep science expertise. Mattresses are made with individually cased high-quality springs, all covered with layers of special high resilience foam and cooling foam. Regardless of body build and sleep position, the results of this special design are correct anatomic and orthopaedic support, excellent breathability for quick humidity removal and heat management, perfect blood circulation, and reduced motion transfer from one point of the mattress to another – making it also ideal for couples.

Upon request we are happy to provide:

- Smaller microfiber pillows, 50cm x 70cm
- One of two types of mattress tops added on your bed mattress (see below)
- Special pillows (see pillow menu)

If there is anything else that will make you feel more comfortable, please contact the Guest Services.

PILLOW TOP FOR MATTRESS

Our dedicated and passionate specialists have meticulously studied and selected the best raw materials, applied the latest principles in sleep science and developed a pillow top of the highest standards that successfully balances support with comfort and offers an additional soft level of comfort to your existing mattress.

The pillow top acts as a body pillow and fills the gaps created by your natural anatomy.

Soft-Medium

Comfort with less pain!

This pillow top has been uniquely designed to elevate the quality of your sleep. It offers an additional soft level of comfort and reduces body pressure points.

Soft-Medium and Medium-Firm

One pillow top, two different senses!

It is a fact that each one of us has different sleep needs and these are determined mainly by our body type but also by the sensation we want our mattress to offer. This option offers you soft-medium pillow top on one side of the mattress and medium-firm on the other side.
